

# JAIMIE BOWEN

Lakewood, Ohio — [hello@jaimiebowen.dev](mailto:hello@jaimiebowen.dev) — (440) 623-7124 — [jaimiebowen.dev](http://jaimiebowen.dev)

Front-end developer with a focus on usability and accessibility.

---

## EXPERIENCE

### FRONT-END DEVELOPER

BAM Technologies (Nov 2021 – Present)

Promoted to architect a design system and standardize the Airforce MyVector platform's UI.

- Develop accessible UI components used by 30+ developers and act as the primary contact between developers and designers on front-end related issues.
- Refactor platform layout used by 50+ applications to provide better UX and accessibility.
- Write technical documentation describing internal processes and coding standards.
- Work with UI/UX designers to create UX standards for multiple projects across BAM.
- Perform accessibility testing to ensure Section 508 compliance.

### FULL-STACK DEVELOPER

BAM Technologies (May 2021 – Nov 2021)

Performed full-stack development for the MyVector platform.

- Successfully planned, developed, and released Relocations application from Sprint 0.
- Modified application features to improve usability according to client feedback.

### JUNIOR DEVELOPER

Kent State University (June 2020 – May 2021)

Built web applications for multiple KSU departments using .NET, Angular, and MSSQL.

- Developed call center application to improve productivity of the Financial Aid department.
- Optimized processes for the university's housing application used by over 6000 students.

## SKILLS

JavaScript, Semantic HTML, CSS/Sass, Vue.js, Git, npm, Web Accessibility, WCAG 2.1, WAI-ARIA

## PROJECTS

### KSU COURSE PLANNER

A more user friendly course catalog for Kent State University students built with Vue.js & Flask. Worked on front-end, authentication API, and UX design.

## EDUCATION

B. S. in Computer Science from Kent State University
