JAIMIE BOWEN

Lakewood, Ohio — jaimie6453@gmail.com —LinkedIn — jaimiebowen.dev

Front-end Angular developer with a focus on usability and accessibility.

EXPERIENCE

FRONT-END DEVELOPER

BAM Technologies (Sep 2024 – Present)

Improved adoption of the company-wide Force Design System across several product teams and projects.

- Architect and maintain a centralized style guide and documentation site showcasing 80+ reusable components.
- Develop scalable Angular UI components (data visualizations, carousels, etc.) using SCSS and Angular Signals, supporting 100+ developers company-wide.
- Champion accessibility best practices, implementing testing workflows and remediations to meet Section 508 compliance.
- Reduce incoming issue requests by expanding unit test coverage across the shared component library.

FULL-STACK DEVELOPER

BAM Technologies (May 2021 – Sep 2024)

Performed full-stack development for the MyVector platform and later its design system.

- Planned, developed, and launched the Relocations application from Sprint 0 through production release.
- Built and maintained accessible UI components used by 30+ developers across MyVector
- Collaborated closely with UI/UX designers to define and standardize UX patterns for tooltips, modals, and common interactions.
- Refactored a shared layout framework used by 50+ applications, significantly improving usability and accessibility.

JUNIOR DEVELOPER

Kent State University (June 2020 – May 2021)

Built web applications for multiple KSU departments using .NET, Angular, and MSSQL.

- Developed a call center application to improve productivity for the Financial Aid department.
- Optimized processes for the university's housing application used by over 6,000 students.

SKILLS

TypeScript, JavaScript, HTML5, CSS3, SCSS, Angular, NgRx, RxJS, Design Systems, Web Accessibility (Section 508, WCAG 2.0+), Unit Testing (Karma, Jasmine), Documentation, Agile

EDUCATION

CompTIA Security+ Certification (2025)

DHS Trusted Tester Certification (2023)

Bachelors of Science in Computer Science from Kent State University (2017)
